

Métis Economic Development Corporation

Vision Statement

To enhance economic opportunities leveraged from the Métis aboriginal rights

For the purpose of:

- Generating profits so BC Métis Federation can become a self-sustainable organization
- Assist Métis Business owners and individual to compete for service and supply contracts offered by Natural Resource Developers.

Goal and Objective

- Create lasting partnerships.
- Showcase the capacity of the Métis businesses.
- Promotion of sustainable economies and employment opportunities for Métis communities.
- Support for positive change regarding government regulations and policies pertaining to Métis involvement in economic projects
- Create an environment where relationships between Métis and the rest of Canada can be strengthened through successful partnerships
